TPUG News Update - December, 1991

TPUG has had a busy fall season.

On Wednesday, November 20 the club held a special telecommunications or "BBS Chapter" meeting. Well-attended, this meeting featured wide-ranging talks by vendors such as Neil Fleming of Canada Remote Systems, Frank Saatsche of Metropolis On-Line Network, Dave McIntosh of GEnie, Steve Punter, and Ian Singer, who is the system operator at Computing Canada On-line, and who brought along a running TBBS.

The club exhibited at the Computer Fest East show in Pickering towards the end of November. On the Sunday of that weekend, we were in two places at the same time - we also exhibited at the Ontario Computer Fair at the St. Lawrence Market in downtown Toronto!

Towards the beginning of November, club volunteers were seen pouring a tremendous amount of time and energy into the ninth annual Toronto World of Commodore/Amiga Show at the International Centre. Drop in to our booth to renew old acquaintances and discover how *you* can help TPUG.

Board of Directors changes
John Easton has replaced Roman Kowalczuk as Club Secretary.

Dan Forget, due to committments of work and family has resigned as Membership Chairman. Danny's fine organizational skills will be missed.

Financial Committee to Meet
The club's finance committee needs help to prioritize expenses and work towards the drawing up of a budget. Volunteers with experience in this area are urged to join us in this task.

New Board Members Sought
The work of the nomination committee has yet to begin... And with an Annual General Meeting on the horizon, prospective volunteers to fill Board positions are encouraged to contact us at the above phone number.

Library Catalogues
A concerted effort is underway to consolidate our various printed catalogues. Volunteers are needed to work with our librarians on this project.

Newsletter
Submissions for the next newsletter (Winter Issue) are requested - NOW!.
